Design Without Limits

Trellis Option

Even with the best view, sometimes you need a bit of privacy. Our trellis option allows you to create a separate space with a colorful screen.

- Stainless steel mesh and aluminum frame are wind and weather-proof.
- Materials: 1" Aluminum tubing, Stainless Steel mesh, machined aluminum corner fittings.
- Sized to fit planter size. Specify desired height.
- Frame is secured to the planter box by drilled and tapped aluminum flat bar, stainless steel bolts and aircraft lock nuts.
- It may be installed in the center, along the front or back wall of the planter, or even diagonally from opposite corners.
- Two bolts on each tube make installation and removal quick and easy.
